Sunday Afternoon

My Dear Garrison

I have to leave at 9 in the morning to visit the "Cuba", and attend to some business in Boston. While I am in the City, I will call at Williams Store, and arrange with him for the payment of the paper money. I will endeavor to be there about 12 O'Clock. Perhaps I may meet you. I shall not be home before the afternoon.

With love to all—

I will arrange with the Express-man to call for your baggage on Wednesday.

I should like to see Gerry for a few minutes this evening.
